Julie;

Per our conversation yesterday morning, I am sending my written inquiry to understand the maximum annual total price amount, the amount awarded from Feb 1 to June 30 and how those compare with what we have spent as of January 31<sup>st</sup>.

Maximum annual total price = 1,166,626.40

Allocation for Feb thru June = 486,098.50  
Spent from July thru January = 613,661.94  
Total: 1,099,760.44

Leaving a balance of \$66,501.96 not accounted for based on what I am understanding between what we have left available to spend and what we had already spent based on the maximum annual total price.

Thank you for looking into this and any clarification you can bring.

**Marsha**
